

The Sabre Hockey Association is excited to formally invite your organization to the 4th Annual High Performance College (HPC) Showcase taking place in Bolingbrook, Illinois October 5-7, 2018. The HPC Showcase highlights the prospective NCAA Division III and ACHA female athletes available around the nation. The purpose of the HPC Showcase is two-fold: first, the Showcase provides a recruitment event specifically designed for the NCAA Division III and ACHA bound female hockey player, and secondly, provides an educational opportunity to inform female hockey players and parents of the opportunities that exist outside of NCAA Division I. Please refer to page 2 for a list of teams and colleges that attended in the Fall of 2017.

The HPC Showcase will be run in a tournament style format and field two divisions (16U and 19U) with a semi-final and championship game at each age level. **The entry fee per team per division is \$1650.00 with a four-game guarantee.** This price includes a minimum of four games, referees and a hospitality room for coaches, managers and scouts. In addition, there will be a two-hour college hockey seminar Saturday, October 6th, that each registered team is invited to attend. All NCAA Division III and ACHA coaches will be invited to the HPC Showcase. The College Seminar is an opportunity for various college coaches to present and have discussions with players and parents about collegiate hockey, the recruitment process and any other questions that may arise.

Sabre Girls Hockey is extremely proud to continue to promote opportunities for the growth of female collegiate hockey. To maintain the highest level of play, this showcase is limited to eight (8) teams at the 16U age level and twelve (12) teams at the 19U level. A limited number of invitations to participate have been distributed and participation will be guaranteed on a first-come, first-serve basis.

To confirm your registration slot, or should you have any questions, please contact Gretchen Cockey, HPC Showcase Director at gretchencockey615@gmail.com.

Thank you and we look forward to seeing you in October!
